

# Technology Questionnaire

Our Early Learning Goal for Technology is 'Children recognise that a range of technology is used in places such as homes and schools. They select and use technology for particular purposes.' We would like to find out about how your child uses technology at home as we are aware that these opportunities may vary from home to school. Please upload photos of any technology used at home onto Tapestry

**Please complete this questionnaire and return to us by 20<sup>th</sup> April 2018**

1. What items of technology does your child enjoy using and have access to at home?
